2009	7		2	12	12		14			1		1

Advanced Placement is an assessment that students take to demonstrate their knowledge of college level material. Many colleges and universities accept a set score to reward credit based on demonstration of knowledge. Visit <http://professionals.collegeboard.com/testing/ap> for more information.

Analyzing Questions

- In what content areas do the most students take the advanced placement test?
- Does the trend demonstrate an increase or a decrease in the number of students taking the assessment?
- What might be some reasons for this?

Other data to consider

- How many of our students are earning a 3 or better?
- What percent of our students taking the AP Exams earn a 3 or higher?

Audience

- School Board
- Parent
- Administrators
- Teachers
