Safety Training Courses by SafeSchools

Instructions for SafeSchools.Com Online Safety Training

Hello Staff!

We're pleased to be able to continue to offer a lot of the safety training that we're required to complete each year. With SafeSchools, you'll be able to do the training on the internet at your convenience - even from the comfort of your own home!

How to log on to the online training program:

1. Using your web browser, go to our web page www.casdk12.net and click on Safety Training.
2. To access your assigned training, enter your username, which is your school email address.
EXAMPLE: John Smith would be jsmith@casdk12.net
3. Your assigned course or courses will be listed on your personal SafeSchools home page under "Mandatory Training"
4. Select any course by simply clicking on the name of the course. The courses have audio so turn up your speakers if you wish to hear the narration. Complete all the training scenarios and the assessment to receive completion credit for the course. You will have the option to print out a Certificate of Completion once you complete the course.
5. The mandatory training must be completed by October 31, 2011.

If you have any questions or problems with the site, please contact:
